Call for Papers:

The 5th NEWTECH conference will be held from 5th-9th June 2017 in Belgrade, capital city of Serbia. The theme of the Conference is: “**Advanced Manufacturing Engineering and Technology**”. NEWTECH 2017 will bring together experts from academia and industry and represents an excellent occasion for exchange of knowledge, ideas, experiences, research results, and information in the field of manufacturing. The Conference program will include plenary sessions, special sessions, workshops, exhibitions, and social events for participants and accompanying persons. **Conference Proceedings will be published by Springer before the Conference. We recommend that all authors meet the Submission Schedule.**

Topics:

Topics of interest include, but are not limited to:

- Machine tools research and in-machine measurements
- Machine tool error budget and metrology
- Progress in CAD/CAM technologies
- Rapid prototyping and reverse engineering
- Nanomanufacturing machines and processes
- New manufacturing technologies and advanced material processing
- Functional and protective surfaces
- Metrology and integrity of machined surfaces
- Manufacturing systems automation
- Cyber Physical Manufacturing Systems
- Reconfigurable Manufacturing Systems
- Assembly and manufacturing system maintenance
- Monitoring and optimization of manufacturing processes

- Advances in modeling, analysis and simulation of manufacturing machines and processes
- Production planning and control
- Business models in relation to production system
- Sustainable manufacturing systems development
- Resource conservative manufacturing
- Other topics

Conference Chair:

Prof. Vidosav MAJSTOROVIC (University of Belgrade, Serbia)

Conference Board:

Prof. Viorel PAUNOIU (Dunarea de Jos University of Galati, Romania)

Prof. Miroslav PISKA (Brno University, Czech Republic)

Prof. Cornel Mihai NICOLESCU (KTH Royal Institute of Technology, Sweden)

Prof. Jerzy JEDRZEJEWSKI (Wroclaw University of Technology, Poland)

International Programme Committee:

Dr. A. ARCHENTI (KTH Royal Institute of Technology, SWE)

Dr. A. BALSAMO (Italian Research Institute of Metrology, ITA)

Prof. B. BABIC (University of Belgrade, SER)

Prof. P. BARIANI (TU Padova, ITA)

Prof. K. BOUZAKIS (Aristoteles University of Thessaloniki, GRC)

Prof. A. BERNARD (Ecole Centrale de Nantes, FRA)
